

# Bridal Skincare & Self-Care Guide

The Glam Corner by Beatriz Cantú · Make Up Studio

## One month before the wedding

- ◆ Start a gentle, consistent routine: cleanse, hydrate and apply SPF every morning.
- ◆ Drink enough water and prioritise good sleep.
- ◆ Book any facial or treatment now – never right before the wedding.
- ◆ Exfoliate gently 1-2× per week.
- ✗ Don't try brand-new products you have never used before.
- ✗ Don't start aggressive treatments (strong peels, new actives).

## Two weeks before the wedding

- ◆ Keep your routine consistent – hydration is everything.
- ◆ Add a hydrating mask 2× per week.
- ◆ Lip care: a gentle scrub and daily balm.
- ◆ Eat balanced meals, reduce salt and alcohol.
- ✗ No experimenting with new skincare or treatments.
- ✗ Avoid strong sun and tanning beds.

## One day before the wedding

- ◆ Cleanse and deeply moisturise your skin in the evening.
- ◆ Gentle lip scrub and balm before bed.
- ◆ Sleep well and drink water.
- ◆ Keep skin bare and calm – let it breathe.
- ✗ Don't pick or squeeze anything.
- ✗ No new products, no harsh exfoliation.

### My tip

Well-cared-for, hydrated skin is the best base for flawless, long-lasting bridal make-up.
